

REMARKS

Applicant has now had an opportunity to carefully consider the Examiner's comments set forth in the Office Action of December 7, 2009. Claims 1-4 and 6-13 remain in the application and claims 14-21 are added after this amendment is entered. Reconsideration of the application is respectfully requested in view of the amendments and remarks provided herein.

The Office Action

Claim 13 is objected to for a minor informality regarding an alleged grammatical error.

Claims 1-4 and 6-12 are allowed.

Claim 13 is presumed to be allowable if the objection is overcome.

I. Objection to Claim 13

The "objected to" portion of claim 13 has been amended from "an asynchronous cellular radiotelephone system including a mobile device including a radio navigation satellite system receiver" to "an asynchronous cellular radiotelephone system including a mobile device with a radio navigation satellite system receiver." While the Examiner suggested merely deleting the second "including," the Applicant submits that replacing the second "including" with the term "with" places claim 13 in better form. Based on the foregoing, it is respectfully requested that the objection to claim 13 be withdrawn. Accordingly, the Applicant submits that claim 13 is currently in condition for allowance.

II. New Claims 14-21

New claims 14-17 depend from independent claim 12 and relate to previously presented dependent claims 2-4 and 10. Similarly, new claims 18-21 depend from independent claim 13 and relate to previously presented dependent claims 2, 4, 8, and 10.

CONCLUSION

For the reasons detailed above, it is respectfully submitted all claims remaining in the application (Claims 1-4 and 6-21) are now in condition for allowance. The foregoing comments do not require unnecessary additional search or examination.
